## Lebanese Lawyers Conference Featured Parade Of Wrangles, Fisticuffs, Riot Squad, Stamps

On September 1 Lebanese Minister of Justice Raymond Edde, representing President the General Emir Fuad Chehab of Lebanon, opened the Arab world's 5th Lawyers' Congress in Beirut, On the same day the Post Office Department released a set of two attractive sur-

As for the preceding Engineers' Conference, a higher value postage stamp (the 50p. Baalbek bicolor) was reduced to the Arab Postal Union airmail rate of 30p., and a 65p. (grapes design) bicolor of the same year (1955) was surcharged 40p. for the occasion. Again, 50,000 sets were issued.

## **Nashville Merchant Discovers** Unused Single In Long-Stored Album; Recalls Early Airmail

Lightning struck the second time in the same place, philatelically speaking and after an interval of 20 years, when a Nashville, Tenn. stamp

dealer discovered an unexpected bonus in a recently acquired lot.

Subsequently listed by Scott as No. R155A, it is now an acknowledged rarity. As for the recent instance:

"It was a routine experience for a dealer," Mr. Brosius explained. "A local bank had asked me to appraise a long-stored collection in its vaults on which it had already obtained several estimates. I checked the two old 1912 copyright 'Scott's Internationals' and set a figure, not knowing what the other dealers had arrived at

"In due time the bank called. 'You are high man,' the trust officer said, adding, in effect, "Is your money where your mouth is?"

Then came philatelic thrill number two of his 30-year career selling stamps. As he checked through the albums back at his shop, he took a second look at a copy of Boyd's City Dispatch Type L67B which had a huge corner torn from the lower right. Worthless, and that blue label jammed in the top left corner of the otherwise bare page .

"WOW!" A Buffalo Balloon, unused, margins a bit close, but frame line undamaged even at the closest lower left corner! Further examination disclosed that the specimen had once been stuck down to an album page so that the gum is far from

The owner, however, had not sought to remove it from the paper but had—carefully—pulled the page away from the 5c blue item, leaving patches of paper sticking to the rarity. The double thickness of stamp

## National Activities On New Danish Seals

The 1959 Danish Christmas seals are printed in four-bordered sheets of 50 subjects and in the aggregate depict rather more than that many phases of national life and activi-ties. One block of four is devoted to the Faroe Islands, with the adjoining block of twelve concerned with Greenland.

The remaining designs are of Danish import, while the overall view of the full sheet depicts a map of the areas in light blue against dark blue. These two colors comprise the background of the red, gold and black colors of the individual stamps

Illustrated are the first three of the ten vertical rows of five subjects each. Various seals (some elsewhere on the sheet) show a church, the ancient sun god, Holger Danske's statue, a herring smokery, golden horns, birds, animals, Santa Claus, ships, and other subjects.

Marginal imprints appear in the top, bottom and left sheet margins, plus a snowman at bottom center Full sheets are available at 50c each plus 10c postage per order from F. Arndt, 44 Klosterengen, Roskilde, Denmark. Mint UN stamps are preferred in payment.

## New British Area Invert Discovered

What may rank as one of the greatest rarities of all time has been found in New Jersey, according to Herman Herst, Jr., of Shrub Oak, N. Y. The stamp is the 1954 5c Queen Elizabeth of Kenya Uganda and Tanganyika, with an inverted

center. It is believed to be unique.

The discovery was made by an alert school boy whose father had been engaged on a construction project in Kenya four years ago, and had apparently used the stamp on a letter home. The boy did not become a collector until recently, and chancing upon the letter, he soaked the stamp off. He did not note the error until he was about to place it in his album.

Vincent La Bar, New Brunswick, N. J. dealer, suggested that the for-tunate owner show the stamp to Mr. Herst who pronounced it genuine be-yond any doubt. At the moment philatelists in London are checking the records of the company which printed the issue to find out whether any additional copies were perhaps discovered in printing and destroyed.

The special cancel bears the legend: "Besuch (visit) Prasident Eisenhower", and was designed for two-day use. In the lower part of the inner circle it reads: "26, und 27. inner circle it reads: "26. und 27. Aug. 1959." The exact date appears between two bars across the inner

## It Isn't All One-Sided

Happily there are few enough of them, but it seems that when some of our more respectable citizens abandon the prosaicness of their daily lives to become stamp collectors for a few leisure hours, they leave behind the golden rule, their consciences and a recognition of the Ten

Commandments. They are not above out and out theft to obtain something from their fellow man without paying; they definitely do not feel guilty of having done wrong when they do. We know a certain percentage of the population is without scruples and principles—it seems that philately has more than its relative share of them. Further, most of the "nice" adults and children who collect, have a fair share of larceny and avariciousness in their make-ups where stamps are is there about the hobby that brings out such bad behavior?

I have felt that it ties in directly with that old bugaboo of "the great financial gains one can get from the hobby". The experienced know that stamps are for funinvestment is for the dreamer who in time gets his terrifically rude awakening.

stamps have value nevertheless; some have greatly increased worth because there are errors or have other desirable chartehtistics; you must further pay a dealer a stated price for his philatelic merchandise. So there is a dollar sign in all the considerations.

A large segment forgets about the money spent, or the worth of various items, once the material is in their album. Ask them what their collection is worth, or what their average expenditure per year for philatelic merchandise is, and they can give you but a hazy figure. These are the ones who regard stamp collecting culturally and for pleasure: They also know that a dealer has problems and that his life is not all profit with no work.

The bad behavior of that small percentage of the philatelic population has its repercussions on the overwhelming segment which is operating with honesty. For instance a fair quantity of those who receive approvals are careless how they keep them while in their possession. Others go so far as to make the dealer spend postage and writing materials, plus time, getting back merchandise which is rightfully his. few refuse to send back either stamps or payment and this must be written off in the dealer's books as loss. All this has to be made up from some source or bankruptcy results, and the only source is the sale of material to other more reliable customers in the sales price of which the defalcations of others must be included. This isn't an unusual situation for any kind of business—they all call upon the good customers to defray the costs of the dishonest ones. However, it would seem that a hobby which has so many splendid people in it, which is cultural and which is on the gentler side, should have more than its share of "stinkers".

It would seem that we could advance stamp collecting considerably

by just applying the golden rule. This is Utopia, of course. But if everyone tried to be more honorable-dealer and collector alike-what a wonderful thing we would have.

## Errors Are Costly

This refers to errors of judgment one of the most common of which is the sending of cash through the mail unregistered. The United States, or any other, mails are not proof against stealing or loss. We frequently read in our newspapers of postal employees who have succumbed to temptation. Bags of mail are lost, they with their contents are torn to bits beneath the wheels of a passenger train, and fire consumes a fair share. So there is always the possibility that your piece of mail could not be delivered.

One of the most frequent complaints we hear against others is that currency was sent in payment for something and the service or mer-chandise was never performed or delivered. Then the complaint is made, and the reply comes, that the money was never received. So what can be done about it, we are asked. Unless the letter was registered definitely establishing its delivery, or sent by certified mail, the sender of the money hasn't much of a leg to stand on. There are some people who will take advantage of this fact—they are few in numbers but enough exist to make caution worthwhile.

Probably the best insurance is the use of personal checks. Depending on how "loaded" you keep your cash reserves, this means of payment is cheap and near fool-proof. If the check is cashed it is easy to trace the person who did so; if it isn't you know that the letter has been lost, you can stop payment, and write another. The check might cost you five or six cents, but you have a legal document which will stand up as proof in court or out. One can write a sizeable quantity of checks for the dollars he might lose just through one miscarriage or

## Not Too Early For Jingle Bells!

Undoubtedly after scanning through that 68-page super-duper edition of last week many of you have chosen Christmas presents from the fine offerings yourself (after a hint to the wife and kids), or for others. Such an array of merchants and merchandise happens but once each year for Linn's readers, and fortunately it comes near the Christmas season. I saw fine things for which I immediately placed orders and checks in the mail. A few are for my own collection while the bulk will constitute presents for youngsters and grown-ups on my list.

An excellent present which costs but little is a subscription to Linn's Weekly Stamp News. You send the name and payment—we'll send a Christmassy card to the person or persons you so favor. Just be certain to mention this in mailing us the order.

## Old Locomotive On **Dedication Cachet**

It had plenty of shake, rattle and roll. It also groaned, wheezed, hissed, and clanked. More important, it got there, reasonably well on schedule and with its entourage of logs swaying periously along behind.

That description would fit any of the thousands of Shay-type logging locomotives which snaked through American forests during the past several decades, but it applies specifi-cally to the 75-ton model which is soon to be dedicated in a Forks, Wash. park. The old "lokie" is a veteran o

many years service in the forests of Olympic Peninsula. It was presented to the city by the Rayonier, Inc. lumbering interests which had owned it, and has already been en-throned at its last resting place. Proper official ceremonies will be conducted early in December.

To note the occasion, special dedi-cation covers with a printed cachet depicting the old-timer, and bearing the Forest Conservation commemorative stamp, are offered at 20c each by Forest Festival Cachet, Rt. 2, Box 41, Shelton, Wash. Orders should be airmailed without delay.

Carl P. Rueth

One of the grandest pieces of news to come from the SICILIA '59, the international philatelic exhibition held at Palermo, Italy in October, concerns the display our Post Office Department set up there. Comment has come by letter up to this date— I hope to talk with actual observ-ers in New York during the ASDA Show-all of it enthusiastic and full of pride.

I was adversely critical of the United States POD exhibit at IN-TERPOSTA in Hamburg, Germany and I believe I had every right to be. In fact, the Americans there were embarrassed at the mediocrity of it for it was outstripped in excellence of material and presentation by every other of the more than 25 countries which entered into the affair.

The people abroad expect quite a bit from America and Americans in certain fields. We are supposd to have the world by the tail when it comes to advertising and public relations. Many of our products and methods of producing are far superior. We're supposed to be better clothed and fed; very sharp when it comes to handling ourselves in public: probably the world's friendliest people. So we have social responsi-bilities we can handle to the best of our abilities, or do a slovenly job and have the world look at us through eyes with question-marks.

With this new series of displays prepared by our Post Office Department we can go anywhere in the world now and maintain our traditions and good name. I am sincere-

ly happy to report this. This administration under PMG Summerfield is the most cooperative philatelically of any under which I have lived. They immediately consider suggested improvements, many times carrying the thinking beyond minimum requirements.

We won't know of what the next administration will consist until after the elections next year. In my opinion, the new president whoever he might be, could help himself considerably by re-hiring Mr. Sum-merfield and his cohorts for as long as he can keep them on the job. We haven't had leadership of this calibre ever before in the Post Office Department.

1. It isn't too often that women appear on our commems. Can you name one on which three of them appear barefooted?

2. Who is pictured on our current 25c regular?

There seems to be quite a hullabaloo in certain quarters because the POD has announced a World Forestry Congress commem for 1960. The opposition is based on the fact that we had a Forest Conservation issue in October 1958. This new one will but add to an already too-large program for 1960, these folks aver.

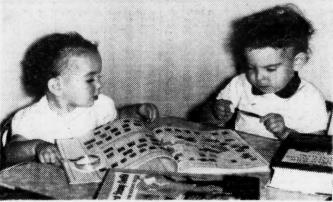

If these opposers will but take a second look at the proposition they will see that the United States is being honored by playing host to a regular. If the honesty of this that Congress. People from all parts story could in any way be doubted I of the world will come here—the program planned is a substantial Ruesch is still with us every day, one. On a thing of this magnitude we shouldn't boggle about releasing a commem; it comes to being a mat-

one in the United States will be the part of the Bureau of Engraving and Fourth. So you see this isn't a giddy Printing. fly-by-night affair. Our national hosthe Forestry Congress commem for Because the paper was folded

If I had the time, I rather think I could build an eye-catching collec-tion devoted just to that theme.

Harry M. Fristad of Colby, Wis. comes up with an interesting story which is good enough to be true. It concerns the first Red Cross commem, of May 21, 1931. This one was printed in red and black (the cross was in red) on the flat bed press, with the paper passed through twice, once for the impression of each plate for each color.

In this kind of an operation it is possible to come up with an invert, or one of the colors missing entirely.

"START 'EM YOUNG, START 'EM RIGHT," is the belief of Melvin Denenburg of Cleveland, Ohio. Here daughters Debbie (15 months) and Laurie (three years) are off on an international adventure, with stamps and things from daddy's stamp shop in Halles Department Store. Mr. Denenburg is manager of the Minkus stamp and coin section in that popular Cleveland enterprise.

### SPECIAL EDITIONS

Various dealers might want to time some of their advertising to appear in conjunction with the special editions of Linn's Weekly Stamp News sponsored by different specialist groups. These editions are always the last one of each month and contain a splendid amount of information about the particular

country or specialty.

The next four editions of a special nature are as follows:—

Nov. 30 — Society of Polar Philatelists. Dec. 28 — Austria Philatelic Society. Jan. 25 — International Ryu-

kyuan Stamp and Coin Society.

Feb. 22 — PERFINS Society. Mar. 29 — COROS Collectors of Religion on Stamp Society. Further inquiries can be dito this paper by inter-

rected

ested dealers. Clubs or societies agreeable to sponsoring a special edition can get the details on request.

our U.S. Issues. The inverted Canadian Seaway of recent date is a fine example. But on with Mr. Fristad's

story -"I want to report an incident which I believe is unknown for the most part in the stamp world. It is about an error, every copy of which was possibly destroyed, a guess is to the effect that those even going to the trouble of culling a copy from their mail might have discarded it later because it appeared as a very poor stamp to them

"I personally know the person who saw and held a complete pane of this error in his hand and feel that his word is inviolate. The principal character of this tale is was the city mail carrier at Medford, George Ruesch.

'One day, much like any other day, while at work at the post office, another employee at the winsuddenly broke the quiet saying, 'What do you know about this? There is not a cross on this whole sheet of Red Cross commems!

"Mr. Ruesch stepped over, and as he told me, 'I had that sheet in my own hands and there was not a red cross on a single one of those stamps.'

"It seems that no one thought any further about the matter and the pane was sold out as though it was and there is no reason to question his veracity."

The 1931 Red Cross commem sans ter of gracious hospitality.

Because I collect the stamps of Finland I know that in 1949 that nation released a set of two for the Third Forestry Congress. This was in the printing, and was not the restaged in Helsinki, July 10 to 20. The

That is one of but several stamps pitality and courtesy are involved in without cross, only one to the pane. ove just right, the cross was printed on what, when folded to its normal position, is the rear of the paper. The missing cross on these stamps is to be found on the back in

the selvedge.

Reference books do not indicate the discovery of one or more panes with the cross missing from most or all stamps. Perhaps, as the story indicates, a really nice riety was lost to posterity because of philatelic ignorance on the part of the persons who had it in their hands and did not recognize their

good fortune.
Such lack of knowledge among We have several such among non-collectors is not unusual. Just

the other day one of a party of three people in for business men-tioned he had a difficult time with some coil stamps a while back. Says he was put out because they lacked the holes between and he had to cut them apart.

sleep that night when he was told had sold his for \$110 a pair through advertising in Linn's.

Apparently there aren't too many of those imperf between 4c Lincoln coils around. Those sold through our paper were all very fine, an unusual condition for coils. I have seen a few others and none were as nicely centered as this batch.

1. The Three Graces on the Pan American commem of 1940.

PREMIER STAMP &

COIN COMPANY State Life Bidg. Indianapolis 4, Ind. BRITISH COMMONWEALTH REVIEW

Francis J. McCall 2725 29th St., N.W., Washington 8, Q. C.

Grenada - After a lapse of six years since the introduction of the first stamps of the current QEII definitive series, the top value \$2.50 was released November 16. The new stamp will continue featuring the "Seal of the Colony" but the cypher will be changed from that of KGVI to the present monarch's. Sheets will consist of 50 subjects (10 x 5).

The Crown Agents advise that the current stamp of this value was withdrawn from sale November 13. No announcement of demonitzation has been made although it has been the practice to allow six months grace for exchanging old

stamps for new for postal purposes. This ship design was first used on the issue of 1898, commemorating the discovery of the island by Co-lumbus. His Flagship "La Concepcion" was the main feature in the design, and it has been utilized in-termittently on various issues ever

1906 saw the issuance of the ship design within a circle on the definitive set supplemented in 1908 and 1911 by additional values. This series is underpriced in American cat-alogs and is much scarcer than in-

dicated, particularly used.

A pictorial set appeared October 23, 1934 featuring King George V and various scenes. Seven of the ten stamps featured the ship design. The original adhesives were perf 121/2, but in 1936 three low values—1/2d, 1d and 11/2d—were perforated 121/2 x 131/2. They are worth a bit more than the originals.

The first KGVI set was released March 16, 1938 and again we find the ship on seven stamps and a new design on the 10/- value, with much more of the area of the stamp devoted to the Seal of the Colony This issue, with its changes in perf and color shades is worthy of more space than can rightfully be devoted here, and will be described in detail in a later column.

With the change in currency from Sterling to BWI dollars, the second KGVI series was issued January 8, 1951. This attractive set portrayed the King on the low value stamps to the King on the low value stamps to 12c, with our ship featured on the four high values. The set is a bit unusual in that no caption "postage" or "postage and revenue" appears on any of the stamps.

All of this brings us up to the current QEII set to which the new \$2.50 value is added. Barring a postal rate change, the set is now com-

plete-and it is about time. Because the Grenada Government was economical and used up all the KGVI placement has been made to date. stamps before releasing new ones featuring the Queen, the various values have been issued in dribs and drabs over a six-year period. Thriftiness is a worthy attribute, but this policy has not made easy the collecting of Grenada QEII stamps.

Agents have reported that informa- are the sales figures: tion has been received from Malaya that the issue of the Negri Sembilan Anniversary stamp must be post-poned. A further announcement concerning this issue will be made as soon as possible.

Basutoland-The National Council commemorative issue previously announced will be released December 15. The set will be comprised of three stamps, 3d, 1/-, and 1/3. They will be printed in sheets of 60 subjects (10 x 6).

Fiji-The current 5d will be withdrawn from sale November 30 according to the Crown Agents. This item is one featuring KGVI of which a considerable supply was on hand

when the QEII set began to appear. No announcement regarding

From the same source come sales figures of the recently withdrawn Fiji 10/- value. Not too long ago we mentioned the possibility of this be-coming a good item to have, and urged interested readers to secure it quickly before prices went up. Federation of Malaya-The Crown hope you have gotten it, for here

> Local, 33,595; Crown Agents, 17,-566; total 51,161. This total puts the 10/- in the same class as the Mont-serrat \$4.80. Although the news is too late to be reflected to any extent in the forthcoming 1960 catalogs, you may be sure that wide-awake dealers will raise their prices in

## SICILIA '59 Was Outstanding Show

The international exposition "SI-The international exposition Si-CILIA '59" closed its ten-day run in Palermo, Italy, October 26, wind-ing up one of philately's top events of all time. From the actual phys-ical arrangements, through the quality of the material in the Court of Honor and the general competition, the widely sponsored event had earned for itself the title of "World's Fair of Philately".

The Court of Honor featured gems loaned by invitation by some of the world's most famous collectors. The entry of Queen Elizabeth II contained selections of various Brit-

sh Colonies with emphasis on New South Wales, Ionian Islands and British West Indies.

Prince Ranier III, of Monaco, dis-played rarities of his domain, in-cluding Italian States and early French stamps used in Monaco. His Eminence, Francis Cardinal Spellman sent pages from his highly specialized United States "Black Jack" collection and two frames of Vatican City.

The competitive section contained what veteran members of the inter-national jury declared was the finest assemblage of great collections shown at an international exhibi-

tion of recent years.

The quality was extraordinarily high throughout, a fact which made the distribution of prizes extremely difficult. The number of high trophy and made a party and a high trophy and medal awards prob-ably set a record. They actually ex-ceeded the number of bronze and silver-plated bronze prizes distrib-

The Grand Prize of Honor was taken by Gerold Anderegg of Switzerland, while the International gerland, while the International Grand Prize went to Mario Tomasini of Italy. Top honor for foreign (other than Italy) went to Jose Gonsalez of Portugal. Highest medal gained by an American was a gold-silver by Mrs. Louise Hoffman of New York. John F. Rider and Robert W. Wiseman brought home silver-gilt medals.

SICILIA '59 was unusual in yet.

home silver-gilt medals.

SICILIA '59 was unusual in yet another way. Normally, overseas stamp shows are financed by the emission of semipostal stamps, the premium from the sale of which is put into a fund for the show's cost. Here this was not the case. No stamps were issued which might lead collectors that the sale of the sale

lead collectors to suspect that they
were being exploited.

The Italian Postal Administration's participation was manifest in
many ways. One pavilion contained
the foremost pertinent treasures in
its collection of rostal bitterwides. its collection of postal history docu-ments. It also filled a pavilion with displays of the State Printing Works and kept two engravers busy demonstrating the art of intaglio en-

graving.

Other nations, especially San Marino, The Netherlands and the United States took prominent parts in the extravaganza. The American display was the most extensive predisplay was the most extensive presentation the POD ever exhibited at an event of this type.

## AP Congress Adds 4 Council Members

The American Philatelic Congress, celebrating its Silver Jubilee in conjunction with the SOJEX exhibition in Atlantic City, N. J. October 23-25, named four new members to its Council, re-elected three Council members, and then elected several

Additions to the Congress Council were Robert W. Murch, Edward A. Richardson, and A. Earl Weatherly, for three-year terms. Miss Barbara R. Mueller was named for a one-year term. Reelected were: Mrs. Dolores Conover Klein Hartz, daughter of the founder of the Congress; George H. Sherwood, and George T. Turner.

The Council reelected David Lidman, president; Lt. Col. James T. DeVoss, first vice president; Mrs. Conway Zirkle, 2307 Secane Rd., Secane, Pa., secretary; and Robert B. Brandeberry, treasurer. New offi-cers are Dr. James J. Matejka and Svend Yort, vice presidents. Mr. Yort was also named editor of the 1960 Congress Book.

No decision was reached on the next Congress meeting site. Invita-tions for 1960 are in hand from the Chicago Philatelic Society and the Phoenix Philatelic Assn., and for future years from the Texas Philatelic Assn., the Washington Philatelic Society, and SEPAD, the Assn. of Stamp Clubs of South Foot Pannsyl. Stamp Clubs of South East Pennsylvania and Delaware.

Our trip today takes us to the Republic of Turkey. For sometime the philatelic world has been treated to some fine material from this country which is actually divided into two parts.

First, there is Turkey in Europe. It is bounded by Bulgaria on the north and the Sea of Marmara and the Dardanelles on the south, the Aegean Sea and Greece are on the west, while to the east can be found the Black Sea and the Bosporus.

Second, we find the Turkey of Asia which is bounded by the Black Sea on the north, the Soviet Union on the northeast, Iraq on the southeast and with Sryia and the Mediteranean on the south.

The capital is Ankara with the

principal occupation being agriculture. The leading exports are silk, mohair, raisins, wheat, cotton, wool, coffee, fruits, skins and some opium. Many religions can be found amongst the Turks. The leading religion is the Moslem but there can be found Greek, Armenian, Syrian, Roman Catholics, Jewish, and Protestant creeds to name a few.

The Ottoman empire was formed early in the 13th century in Asia Minor with the first ruler being Othman who ruled from 1288 to 1326. This was the beginning: the empire reached its height in the 16th century through conquest of varied nearby lands. The pangs of war often entered the realm of the Ottoman empire, and some of this history can be found on Turkish postal

Today, however, it will not be within the scope of our adventure to visit with the battles of the past or the visit with modern Turkey.

To visit Turkey today we need not take a plane, ship or what-haveyou. Rather, we can visit this country through the modern day printed tition. paper - stamps - of Turkey showing aircraft at Ankara airport and modern products such as trains and do not have a listing of collectors harvesters which are built in Turkey. Other issues portray visits of famous men to Turkey — the Shah oi Iran, Theodor Heuss of Germany unless their value is brought back and Mohamed Zahir Shah of Afghanistan, to name a few.

History too takes to stamps of turk; Mohammed II, ruler in the 15th century: Tarhan, 17th century by having them sent on date of ispoet; and many other men who have sue from Turkey. played an important part in Turkish history.

Modern day Turkey is a philatelicminded country. The heart of the stamp world can be found in Istanbul. The largest philatelic club in Turkey is the Istanbul Filatelist Kulubu which has a membership of some 600 collectors. The Kulubu represents Turkey in the Federatione International de Philatelie

One of the major collectors of Turkey is Orhan Brandt (President of he Istanbul Filatelist Club) who recently won the Grand Honor Prize of Tabil 1957 in Israel. Mr. Brandt was a jury member at Interposta.

We can report that Turkey received two gold medals plus various other prizes through nine collections honored at Interposta. Considering the percentage of collections entered in the exhibitions Turkey came out first as the nearest competitor, Pormosques built to commemorate tugal, won two gold medals with great Turkish leader. ## THE 1960 OLYMPIC GAMES

Winter Games: February 18-28, Squaw Valley, Calif. Summer Games: August 25-September 11, Rome, Italy

Why Collect 1960 Olympic Games Issues?

Many countries have announced their intention to release special 1960 Olympic Games commemorative stamps, including the United States. These items are sure to be interesting, attractive and tremendously popular. Here is a chance to form a complete, self-contained worldwide collection without the danger of missing something. Let us do the worrying for you! Sports issues have always been a wonderful investment, too, and the Olympic emissions have led the way. The earlier Olympic sets, such as those of Greece, Czechoslovakia, Haiti, Korea, etc. have doubled in value since the last Olympic Games and even the 1956 Olympic material has begun to climb.

Our record speaks for itself. We operated a widely acclaimed 1956 Olympic Games service, during the course of which we furnished all issues mint as well as on First Day Cover, including several FDC's which we have never seen offered elsewhere. Our subscribers had the opportunity to acquire even the most limited issues, for example the two Korean souvenir sheets, retailing today at one hundred dollars, provided that you can find them at all! What mour secret? We have our own tried and tested agents in every country in the world and therefore do not have to depend on American wholesaler dealers as others do! We do our own importing. Remember, we offer a quality service stressing completeness. We've done it before and we can do it again!

## New "Borek" Reflects German Appreciation

The new Borek Catalog "Germany 1960" has just appeared. The current edition contains over 180 pages, about 15,000 prices and about 2000 illustrations.

Very fine white paper is used to make the illustrations come out in clear relief. The cover is made of cellophane - laminated cardboard;

colors are orange, black and blue. As usual, the prices are all net, representing correct trade figures. The Dollar value is easily arrived at by dividing the German Mark prices by four. During the past prices have risen an average of 20%, those of the Bundesrepublik and Berlin even as much as 40% in many cases.

We have collected and continue to collect the issues of Gold Coast. We merely stopped collecting when Ghana came into being, for we de-1957 we were in contact with the PO at Accra, Gold Coast to obtain material.

However, the ads in the stamp papers made us wonder how Ghana would dispose of its material, and needless to say we felt that per-haps more Ghana printed paper mint would hit the States than would hit Ghana.

About the only thing collectors in Ghana sent along were some of the older Gold Coast issues plus a few airletter sheets so we again wondered whether the stamps were truly going out of Ghana on commercial mail, in complete sets. We have seen many fancy FDC's, FF's, and

# MAKE MORE MONEY!

Every stamp dealer knows how to make money: Buy cheap and sell at a reasonable markup. At a reasonable markup, not five or ten times cost, because a successful stamp dealer depends on repeated sales to the same group of customers, not on making a killing on a single sale. a killing on a single sale.

Thousands of stamp dealers (7,700 of them, to be exact), rely on one publication for much of their buying. They buy from the hundreds of reliable wholesalers who use ad space in the STAMP WHOLESALER, the unique magazine which has become the world's largest stamp trade inversal. largest stamp trade journal.

The STAMP WHOLESALER does more than merely publish wholesale stamp advertising. In addition, the STAMP WHOLESALER, alone among all philatelic publications, indexes every advertisement by the type of material offered, as well as by the name of the firm placing the offer. Looking for the stamps of Ghana? Then turn to the "Where to Buy It" page in any issue of STAMP WHOLESALER and you find an instant reference to every offering of Ghana in that issue! Looking for packets? In one recent issue an even dozen advertisers featured packets. In country by country listings the reader could instantly turn to offers of Argentina, Benelux, Brazil, British Empire, British North America, Cambodia, Laos, Vietnam, Colombia, Costa Rica, Cuba, Finland, France and Colonies, Germany, Ghana, Greece, Greenland, Hungary, Israel, Japan, Kenya, Korea, Latin America, Middle East, Morocco, Nigeria, Pakistan, Panama, Philippines, Portugal and Colonies, Sudan, Switzerland, Turkey, United Arab Republic, United Nations, United States, Vatican City, Yemen, and the catch-all listing for ads the indexer couldn't classify, "World Wide".

Need special services? The listings include advertising media, loans, printing, real estate, want lists filled, wholesale approvals.

Or by specialty: The "Where to Buy It" listings in STAMP WHOLESALER include airmails, catalogs, handbooks, Christmas cards, covers, mixtures, plate blocks, postal stationery, souvenir

And this is by no means all! A single issue will also list jobbers, coins and coin supplies, hinges and mounts, names and mailing lists, new issues, albums, accessories and supplies, wants of all

This convenient, time-saving feature takes only one page an issue but it's a big reason why stamp dealers prefer STAMP WHOLE-

Among the other features that set this magazine apart from all others is a monthly currency table showing the official (and free) exchange rates of every nation.

Every issue of STAMP WHOLESALER brings its readers the exclusive column, "Prices are News", reporting on the latest prices paid at auction for all types of philatelic material. Want to know what stamps, covers, and autographs are really worth? At one time or another "Prices are News" will tell you the real cash-on-the-line value informed buyers will pay.

Want new issue information? STAMP WHOLESALER has one of the best new issue columns. Many readers say STAMP WHOLE-SALER's column has more accurate information than any other new issue column published anywhere.

STAMP WHOLESALER's regular features also include book reviews, alphabetical listings of new wholesale pricelists, a calendar of philatelic events, news and feature columns, a "Mail Bag" where readers are welcome to sound off, a big classified section, and a full measure of press releases.

And, exclusively in STAMP WHOLESALER, there are scores of articles each year that tell the stamp dealer how to handle his customers, how to buy, how to sell profitably.

Almost alone in the world of stamps, STAMP WHOLESALER brings a generous serving of philatelic cartoons. In the few years since STAMP WHOLESALER started using these cortoons, nearly two thousand drawings and gags have been purchased, many from world-famous cartoonists whose work is seen in such national publications as the Saturday Evening Post and even Playboy!

STAMP WHOLESALER is the world's most wanted philatelic publication. Handsomely printed on glossy stock, and presented exclusively for stamp dealers, subscriptions are sold only to bona fide dealers in postage stamps. Literally thousands of subscription orders have been returned to disappointed philatelists who couldn't show they were entitled to confidential trade information.

STAMP WHOLESALER sells to dealers for \$3.00 a year in the U.S. and Canada, \$4.00 elsewhere. (Two years \$5.00 anywhere in the U.S. and Canada, \$7.00 elsewhere; three years, \$7.50 and \$10.50; four years, \$10.00 and \$14.00; Life Subscriptions are currently priced at \$50.00, anywhere.)

If you are a stamp dealer, and can prove it, you should subscribe to this vital publication. The prices listed above are net and they'll never be cheaper, to anyone, at any time. Send in your subscription. Try STAMP WHOLESALER and if you don't agree that it is the world's biggest, the world's best stamp trade journal, just let us know. We'll send your money back, but fast!

## The Case of Baden-Powell And The Post Office Trackers

G. A. Medawar of New York City reports he was inspired by Linn's "Scouts on Stamps" issue of June 29 to examine again a certain cover which he obtained while in the Gold Coast several years ago. He sent along photographs and a description of it, thinking it might be of interest to both Scouters and postal historians.

The cover is the British Army form C398, in use in the late 1890's when Sir Robert Baden-Powell was a major in the Ashanti War and led a force sent to relieve the fort at Kumasi. The envelope is direct-ed to him at the Headquarters, 13th Fusiliers, London.

The contained letter was written by Quaser Kwoman — apparently his house boy, according to Mr. Medawar — at Victoria St., Free-town, Sierra Leone: "Dear Sir, I am very glad indeed to inform you this few lines to vis (advise?) you that I found one bill witch is you. Pleas Sir no mor to say. I am yours truly, some, Quaser Kwoman."

With it is a receipt in the amount of two Pounds on account of 20 pos ters, the property of the RIMT (Regimental Institute, Military Tournament). The cover itself is duly franked with 2d and 21/2d Sierre Leone stamps, Scott's Nos. 26 and 27 with proper cancellation and further marking of "6d. W.D.O" in a vertical oval to the right of the stamps.

Thus far the item is a bit of war material, something of postal history, and an interesting Baden-Powell and Scouts item. This, however, is only the beginning, for when the missive reached London the great scouter had left for other points, and there ensued a methodical chase with him as the object and the staid British Post Office as the tracker.

Sixteen days and a dozen post-marks later, it was back in Lon-don where apparently it finally caught up with the addressee. In the meantime it had established something of a record as an example of the persistency of the British Post Office in seeking out the addressee on a piece of mail-at least,

It was pleasant to see a recent George Linn editorial on the folly of philatelic glue. It brought to mind the days when I termed the Postmaster Farley stamp issues "the Farley Follies". After all, though the fact that many of those glamorous items were produced and sold without gum prompts me now to apologize for christening them "Follies". Not only that, but when it comes to real follies we now get them with gum and but the van lead.

Farley actually rendered a real favor to collectors when beautiful sheets and blocks of stamps might be had minus glue, yet there were a number of glue worshippers who sent sheets back to the P. O. Department demanding their justly entitled quota of said adhesive, thanks to the catalogers who foster it by

to the catalogers who foster it by giving it a handsome valuation.

Some years ago I described philatelic glue rated at a million dollars an ounce. This was based on the then listed value of our 10c 1847 stamp at \$150 unused, but with gum \$500, making the infinitesimal bit of glue a \$350 item.

I called upon this cataloger several times and finally succeeded in convincing him that he should sit down with himself and really give the situation some serious thought. I am glad to say that this fabulous glue valuation no longer appears in this particular catalog.

## Glue--Philately's Fifth Column?

Charles E. Milbury

Our American catalogers have surely familiarlized themselves with this condition, but still insist upon giving glue a high and mighty rat-ing in dollars and cents. By so do-ing they are rendering a full-time disservice to the grandest and greatest of all hobbies.

est of all hobbles.

I recall a popular dean of philately who once wrote, "The damaging influence of gum in philately is a very serious issue, and if degummed the stamps would have far greater chance of worthful surviv-al." Then he raised the question,

al." Then he raised the question, "But who is going to start the degumming movement?"

His question was a good one. Surely no dealer or collector can be expected to start dousing stamps in water and sacrificing sizable values in so doing. They will continue collecting glue just so long as stamp catalogs put premium values on gummed stamps. But catalogers are extremely lax in many respects and in many instances fail to give warnings about certain gums which because of their sulphurous content spell the ruination of specific stamp issues.

the rapid value increase, but many have suffered partial or complete destruction because of the corro-sive glue menace which has stalked this issue. Five this issue. Euopean catalogs, notably Michels, have wisely alerted collector's to this very serious problem, and they are smartly soaking off the corrosive stamp-killer. Must our American collectors reach out for foreign catalogs to get this kind of information? of information?

What a service it would be to collectors everywhere if catalogers would cease their ill-advised recognition of glue which after all is a substance whose only purpose is to stick a stamp down for postal use! Surely, stamp collectors never mount stamps this way.

Catalogers everywhere could make the greatest philatelic contribution of all time, by merely holding to the stamp's design side in their recordings and evaluation so thereby eliminating at once the nonsensical act of forcing stampenthusiasts to collect the useless spreads of destructive glue on the reverse or negative sides of their specimens. specimens.

### Dr. L. Seale Holmes

The "IN PRIZE" stamps of the Supreme Court recently produced quite a detective hunt as we might call it. Some months ago I began to wonder about their status. The only copies I had seen were mint and the "In Prize" on these stamps looked like an amateur job, done with one of those rubber printing sets that were sold in the stores, years ago. It was definitely not a printers job.
So I started to so some sleuthing

of my own. I first contacted the Internal Revenue Department through which all revenues stamps are handled. Their reply was that they had never seen or issued any such, but referred me to the Registrar of the Supreme Court, who in turn passed me on to the Exchequer Court Regis-

Still I found no one who had ever seen these fiscals. This did not sur-prise me as they were supposed to have been issued or used in the First World War, and men in the department at that time would by now have been pensioned off. There was nothing in the files about them, but one party thought that they may photo of a document with three of Council"

Hans Reiche, who knows his way around Ottawa so well, to search through the Orders in Council for the early days of the war. After a lot of hunting he was rewarded with one dated October 1, 1914. It reads as follows

So it might be that our stamps of office and these, for the ordi-nary purposes of the Exchequer Court are paid to the local Registrars in money by the suitors or their solicitors.

"The Minister observes that it is not proposed that the local Registrars shall receive salaries in re-spect of their duties appertaining to the Prize Court, and it is, therefore only just that they should be per-mitted to have their fees of office in connection with prize. Since however, the rules of the court, sanctioned by His Majesty in Council, require that all fees shall be taken by means of stamps, it becomes be affixed to the process in respect of which the fees are exigible. The Minister considers that this may be best accomplished by authorizing the Registrar of the Exchequer Court to supply free of charge to each of the local Registrars in Admiralty of districts where prize jurisdiction is likely to be exercised a limited number of the ordinary stamps issued by the Exchequer Court, defaced with the words "in prize", and he recommends accordingly, and moreover that the Registrar of the court shall be held to have sufficiently

## PARIS COMES TO PENNSYLVANIA

Most of us will never see the Paris Bourse. We never have, but friends tell us it is a world stamp market outdoors. All sort of interesting philatelic buys can be made there.

Some years age we decided that there must be many folks who would like to buy like the dealers buy. And there were. But not all of us can get to Paris or New York or even Wilkes-Barre.

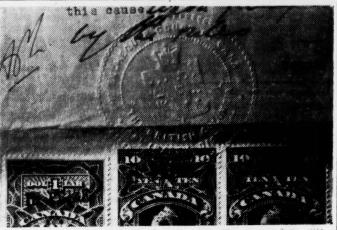

We discovered a way to bring the great world markets to those people. And they loved it. 728 weeks later they still love it. Simply a four page weekly offering of all sort of things interspersed with friend-ly comment and intelligent thinking.

With as much restraint as we can muster we believe these weekly lists are in a class by themselves. You'll have to see for yourselves. If you like to buy intelligently, like interesting and different material this is probably for you.

A full year's supply of 52 issues to available by subscription for only one dollar. A 4 week sample is avrilable for only 25c. More sensible to try the quarters worth first. Try it today.

Also he has sent me an enlargement of the stamps, So I contacted my good friend but I doubt if a cut can be made to show the words "in prize" at the search top of each stamp. The stamps are quite scarce and the documents are

much more so.

However this all convinced me that these were regularly issued and the mint copies coming on the mar-"The Committee of the Privy ket must be some that were left Council has had before them a Re-

> sticking to me. In my last notes I overlooked the fact that our Post Office Department has new airmail stickers out with what looks for all ance. So it might be that our stamps might soon have this odd type of "gum". Time will tell.

Just back from the Jarrett sale at Sissons. It was the greatest gathering ever of dealers from Canada, Great Britain and far points in the U. S. The material offered was so superior to the usual sales that competition was very keen. The bidding shot into fantastic heights and made most of us there breathless.

Well, after all it proved the statements I have often made that GOOD Canadian material is very hard to find and that when it does appear on the market it is snapped up at very fancy prices. The outstanding necessary that the local Registrars piece was the pair of the 12p mint, should be furnished with stamps to which sold at \$17,000. This reminds me that the 3p and the 6p of that 1851 issue mint are much scarcer items than the 12p.

Proofs and covers went for new high prices. This sale brought out the fact that very fine to superb condition commands a terri ic premium. To me there was a feeling of sadness, to think the effects of so many years were so widely scattered in a few hours time. The next sale will be the 1859 portion of the collection.

Have just had drawn to my attention that the present envelopes are appearing on a watermarked paper. It is a large watermark and most specimens will only show a small part of it. Have not found out how

in carrying the mail.

Many times we receive letters tell ing us the individuals who sent them wanted to exchange stamps from their countries for food or other necessities of life. Some letters tell us that the sender cannot write often due to the lack of funds. Many letters from Greece in the past few years have asked for collectors to exchange food articles for stamps of that land.

In fact, although our columns seldom mention this facet of stamp ex-changing the fact remains that poverty can be found in various parts of the globe. It is equally true that individual philatelists certainly can-not endeavor to satisfy the wants of the many collectors who today are dren and the idea of world solidar-circulating these strange requests in ity." their exchange of stamps.

large body of philatelists who today use the postal routes of the world. Obviously, we have received mail from many areas where political views differ from ours, however, never do we dwell on the subject in our letters. Also, should a stamp be issued which shows a political view which we feel not in the dicates of good taste, we never purchase the item for our album.

For sometime we have watched the philatelic press to see whether the stamp world has or is doing anything to aid fellow collectors in remote sections of the globe. Sorry to report, we find a bit of a selfish streak amongst a major portion of the collectors who use the exchange

The trend of thought savors of "I'll send the chap af few recent mint U.S. commems, and perhaps he'll send along some of his country's rare airmails." In other words, What can I obtain at a bargain?'

This reaction is perhaps a normal one, for it is possible that the chap in the remote land thinks likewise. Please remember, though that when he asks for food he is hungry. He is not out to "fleece" you. If a collec-tor asks for clothing for stamps he wants something to keep him warm. He is not necessarily out to "take a fellow collector.

We have collected United Nations stamps since they were first issued. We know that there are today many UN collectors throughout the globe. Further, we have become familiar Educational and Cultural Organization (UNES-CO) and its wonderful work.

Since our column in Linn's is of international nature we have contacted this group to see what UNESCO is doing to vanquish some of the poverty in the international horizon made known by letters re-ceived by philatelists in the United States.

The UNESCO section of the UN began on August 17, 1953, to issue a series of stamps which, while not valid for postage, do provide funds which go all over the world. This money is used in the fight against poverty and ignorance. It goes to schools, libraries and rehabilitation work in lands torn apart by wars.

'How do these people know about us? Why do they love us, and help us?"

This then is a bit of the story of the UNESCO Gift Stamps which Julius Weiss

Readers of our International Adventure column in Linn's take many philatelic trips to all parts of the globe via jet covers, stamps, rocket mail, ship, camel caravan or perhaps even "shank's mare" footwork of a mailman.

of the globe have been aided by these funds.

The initial work was done by the UN Women's Guild. It responded to UNESCO's early appeal for help, and was later commended by the Secretary General for this work.

The Guild could not take on the projections of these issues. It is a paper.

As for UN first day covers, we feel each cover would be enhanced by a UN Gift Stamp, placed on the cover along with the "date of issues" stamp. We also suggest that the cover along with a particular country's postal paper. The Guild could not take on the project for a great length of time, and a few of these issues at the events the Stamp Drive had to become a bit more independent. It is, howcheted envelopes issued at the ever, still under the moral patronshow.

In this way philatelic America can aid our brother stamp collectors throughout the world. The stamps sell for 25c each—lower when complete sets are purchased. Special album pages have been printed to house them, and UN col-lectors can use them in countless ways to enhance their collections of covers, first flights and stamps.

While there are today several fine funds which stamp collectors aid, UNESCO Gift Stamp are certainly one of the best ways a collector who exchanges with foreign stampers can show that "he cares".

## News From The Three Germanies

R. Y. Megan

If the East German flag has annoyed the West Berliners, it pre-sumably annoys western philatelists in equal measure, and there are ten stamps issued by the Democratic Republic on which they can vent their spleen.

All of them show the new banner the standard black-red-gold of Germany on which has been superimposed the hammer-and-compass device favored by the Eastern gime. This is familiar already from the definitive official mail issues.

As a celebration set to mark the tenth anniversary of the Republic it does not rank highly. In fact the repetition of a number of motifs from the Five-Year Plan definitives strikes me, to put it mildly, as uninspired.

The neutral backgrounds black line drawings on top of the three-color flag do not make for an inspiring selection of stamps. Thus the primary political purpose -to introduce the flag to the world's recipients of mail from East Germany-is not helped by an indifferently designed propaganda vehicle.

### Still in Berlin

We should not forget the new issue honoring Friedrich von Schiller which that city put out November 10. It is a pleasant straightforward composition with the head of the poet on a light ground and the inscriptions on a dark panel to his left, which will continue to hold the many friends of Berlin stamps. The five million edition is ample for all needs.

Although the Federal Post Office appears to continue its anxiety to abolish Berlin issues (at least in theory) there has been a respectable number of stamps released for the city this year. Apart from the five definitives, and the tail end of the 'Famous Men from Berlin's His-ory" series, the Schiller stamp will tory be the third special commemora-tive which the Berlin postal authorities have been permitted to put out.

I must confess, however, that my information regarding the intentions of the German POD is not as complete as I would like it to be since the death of the late lamented Dr. Gerhard Schmidt. With him— amongst other things — the German Post Office lost one of its prime expounders of policy to the public. Other philatelists who may be in their councils (such as Consul Deninger, the President of the German Philatelists' Federation, or Mr. Hartung, the Chief of the Dealers' Assn.) are not so prone to put their information into print as would have been the case with a trained journalist. I am not sure that this is not the gravest loss which has been inflicted on German philately by Dr. Schmidt's death.

The position of an efficient public relations officer to a public authority who is able to give inside information and is yet not tied to the Government Department, Government Department, is one which it is difficult to replace. The Bonn authorities would do well to look for a journalistic replacement on the Postal Design Council from the ranks of contributors to the stamp magazines in the Federal Republic and Berlin.

Discounting future appreciation in advance is a favorite move on the stock markets. Glossing through my 1960 Michel, I am wondering whether the price fixing for recent German material has not been motivated by similar thoughts?

Apart from the obviously high level of surcharged commemoratives of ten years ago—now search to the increasing demand, and to limited edition at the time—the un-limited edition at the time—the unten years ago-now scarce owing definitives have been marked up to levels which I personally find some-

what disturbing.

The 1949 UPU stamp at 12 Marks mint or used (\$3) with an edition of 2,000,000 copies, should ultimately be equalled by prices for the last Saar issues. These were also printed in levels between 1,500,000 and 2,000,-000 and used or tucked away in

large quantities. Yet the level of a 2,000,000-edition Saar stamp such as the 1958 Diesel stamp is only 45pf., or about 10c. The same stamp, in a ten times larger edition for the Federal Republic, already catalogs 50pf. mint and 20pf. used, which points either to inaccurate catalog editing, or heavy speculation in mint Saar.

A HIGH JUMPER IN AN UNUSUAL POSE is featured in the above first day cover cachet of the October 25 5 yen se-tenant pair issued by Japan to mark the 14th National Athletic Meet. One stamp, blue. features a hammer thrower; the other, dark olive brown shows a girl fencer. Kunihiko Urushihara, 17-1, Denen-Chofu, Tokyo sent this cover; another, with a girl fencer as the cachet, was sent by Riichi Yoshida, 3-3600 Jejiro, Toshima-ku, also of Tokyo.

horn stamps have become good ed POW's stamps with editions of property is common knowledge, but 760,000 copies and price levels of I still do not see why the Roentgen of December 1951 at 12M. should be nearly three times as expensive as the Otto stamp of seven 1.50M. is the same for each.
Continuing the series of 30pf.

stamps in 5,000,000 editions, we have the Philipp Reis commem of October 1952, and the Liebig stamp of May 1953, both cataloging 7M. mint and 2.50M. used.

The better economic conditions of Germany at the time, should have led to heavier stocks being put away of both these stamps than was the case with the Otto issue, yet they are now about 75 per cent more expensive. Maybe someone more familiar with the market can give me a logical explanation for this distinctly curious behavior.

Ancient History will be replaced in the stamp album by Austria with many of the varieties. her 1959 Stamp Day issue due out The foreign section w in December. If my information is heav correct, this theme will be a relief Italy of a Roman stage wagon, excavated at Maria Saal in Styria, certainly the oldest clearly recorded European form of postal trans-

The Roman postal system was well developed, but so far not even the best-heeled collector of postal history has attempted to amass a collection of original papyri showing the various manuscript endorsements (if any) in vogue in the Province of Carnuntum, as Austria was called at the time.

A brief gloss through the motifs selected by Austria for philatelic emissions shows a wide range of subjects, beginning with Moritz von Schwind's famous mailcoach, issued for the 1933 WIPA Exhibition.

After the war they continued with such diverse themes as reproductions of letters (including the WIPA stamp), collectors examining their treasures, Amor the messenger of Love, the old Danube barge which carried the 18th century mails, and a range of modern post offices. I am told that postal equipment in the shape of a modern cancellation machine will be featured next year.

Once we are on the subject of Austria, a few editions may be of interest: the 1952 Children's Correspondence stamp came in quantity of a million copies, whilst the Hungarian Aid issue of December 1956 reached an edition of 1,750,000. Five million copies were produced of the 1957 Mariazell definitive in recess printing.

Most of them would have gone on commercial mail so I think this is a useful little stamp to keep an eye on. You only have to look at the blue and red printings of the 1S. Costume stamps of 1948 and 1950 respectively, each of which must have been turned out in tens of millions of copies, to realize that continental definitives deserve to be closely watched. Indeed, all the postwar Austrian commemoratives are in my opinion due for a top rise have by no means reached their peak levels.

Editions of half a million or under are still less expensive than Ger-man stamps with ten times these printings, and I particularly like the 1956 Stamp Day issue (640,000) now priced at 1.50M. (about 33c). The preceding Stamp Day commemora-tive, with an edition of only 590,000, can still be picked up for 1.75M. (about 40c).

Both being "Stamp on Stamp" designs, their popularity is assured, and growth prospects should not be underestimated. Similar expectations can be attributed to the 1955

That the 1951 Cypher and Post- Trade Unions Congress and Return-50c or under.

There is no rhyme or reason in these crazy prices, because I refuse menths later. Both were 30pf. values at that time used on foreign mail, and they had identical 5,000,000 gditions. Finally, the used price of extra 300,000 copies—easily used on mail—be left in the doldrums. Between the same for each. to believe that stamps which in an edition of 350,000 copies have alextremely well produced and ing consistently attractive, somebody is bound to make a lot of money out of these items very soon.

and paper had then been hinged to the current page.

Mr. Brosius explained further that he had not submitted his appraisal in the expectation of acquiring the collection, although he had recognized it as a choice XIX century property. Every face different stamp of the U. S. 1847-1900 was included, plus

The foreign section was especially heavy in China, Brazil, Germany, Australian States and New Zealand, and British Pacific areas. "The collection had belonged to a man long in the U. S. Consular Ser-vice," he surmised, "and apparent-ly he had filled his pages wherever he was stationed, finally storing it and never getting back to it."

Discovery of the 82-year-old privately issued airmail adhesive recalls the long struggle that lay in wait between Samuel Archer King's short balloon flight of June 18, 1877 and today's scheduled 'round-the world jet service of about 60 hours

flying time. It was 21 years later that "stamps" came into regular use on airmail via the pigeon service from Great Barrier Island to Auckland New Zealand, and another dozen years before the first officially flown airmail was transported by an airplane.

The world's first officially issued airmail stamp did not appear until May 1918, when U. S. No. C3, the 24c red and blue, was released. What has transpired since is common knowledge in airmail philatelic circles.

## Airlines And Philately; The Braniff Story

Julius Weiss (All Rights Reserved)

June 25 saw some sleek Lockheed Electra turbo-prop planes carry the June 25 saw some steek Lockheed Liectra turbo-prop pianes carry the banners of Braniff International Airways to New York, Chicago, San Antonio, Houston, and Dallas. The philatelic world was treated to a special blue type cachet on the Dallas dispatch.

This event makes the transportation of mail at well over the 400mph speed, for these 75-passenger aircraft "loaf" at about 7 miles a minute. We cannot let this milestone of Braniff pass without telling a bit about this line which has done much for the philatelic world.

this line which has done much for the philatelic world.

We can report that this line has printed many special philatelic envelopes for various firsts, specials or novel flights. The line is always most generous with news as to first flights; therefore, today many spectage of the post office and the line had some special cacheted envelopes for imens can be found in collections

throughout the world.

The birth of the airline was June 29, 1928 when the late Thomas E. Braniff founded the firm. The first Braniff flight took place with a five-passenger Sthson-Detroiter. It flew some 116 miles between Tulsa and Oklahoma City. Soon the line took to the air with a feet of six-passenger Lockheed Vegas with the pressure Lockheed Vegas with the pressure. ger Lockheed Vegas, with the present Braiff Airways being incorporated in November 1930.

The year 1934 saw Braniff with its first mail contract from Chicago to Dallas via Kansas City, Wichita, Oklahoma City, and Fort Worth. Soon after the 1934 "first" mail flights the line bought Long and Harmon Air Service and became known as the "Great Lakes to the Gulf" route flying some 3000 route miles with a daily schedule of about 13,000 miles.

The next year (1935) the firm obtained some 10-passenger, twin engine Lockheed Electras to increase the service to the Texas-Chicago run. Soon the line was using the famous 14-passenger DC2, with the 21-passenger Douglas DC-3 making its show in 1940.

ing its show in 1940.

The war years brought changes to Braniff. The concern gave up more than half of its regular fleet to the government for military use. It flew contract routes to the Canal Zone and domestic military routes for ATC (Air Transport Command). Also, the firm held training schools for army pilots, radio operators and for army pilots, radio operators and mechanics.

Philatelists who wish to check their air covers of the early history of Braniff should check their, CAM-21 covers, also CAM-22. They show some of the early Long and Harman Texas items which received philatelic treatment.

After World War II many cities throughout the midwest were added to the Braniff domestic service.
The Civil Aeronautics Board also awarded Braniff some 7000 miles of routes in Latin America in May 1946. Bilateral air treaties were completed between the United States and most of the countries

and most of the countries.

However, before these long range flights could commence a need for a system of navigation and communication facilities across the ocean, jungle and mountains had to be developed. A modern radio network was begun, plus the purchase of some DC-6 (52-passenger) sleeper type craft primarily for the international run.

Most of the philatelic world knows that on June 4, 1948 a Braniff plane took off from Houston, Texas (this was the home base of the firm which had had moved from Oklahoma in 1942) for Havana and Balbon A few days letter Havana and Balbon A few da boa. A few days later — June 7 — a first went to Guayaquil, Ecuador.

The philatelic world received many of these covers. The cachet many of these covers. The cachet monstop hight by a commercial airliner (DC-7C "El Dorado") on airliner (DC-7C "El Dorado") on May 8, 1957.

These are some of the important firsts which may interest the phila-

some special cacheted envelopes for the occasion.

On March 8, 1949 the line began the Houston to Lima run with the extension to Rio De Janeiro, Brazil. This too received full philatelic treatment. March 1950 brought a first to Asuncion, Paraguay, and May saw a first to Buenos Aires, Argentina. October 1951 saw a first to Sao Paulo, Brazil. Service between the U. S. and Bogota was inaugurated by Braniff in May 1957.

Braniff International Airways now

Braniff International Airways now operates more than 16,000 miles of domestic and international air routes through 17 states and the District of Columbia in the United States. and in nine Latin countries.

Sometime in October of this year the line hopes to receive the first of its pure jet aircraft, the Boeing 707 transports. This 600-mile-per-hour ship will take the firm a long from its early Stinson type t — all this in 31 years. What will the next 30 years hold in store for this great carrier?

We can report that at Love Field, Dallas there is a rather new multi-million dollar maintenance and overhaul base owned by Braniff. Con-struction began in March 1957 and the staff began to occupy the build-ing in October 1958. The base is primarily a manufacturing and overhaul base for the line. Three fourths of the building is devoted to hangar areas, machine shops, assembly lines, small parts repair shops and test cells.

Also in Dallas is the ten-story Braniff Airways building. The line's entire system-wide administrative offices are located in it.

The Braniff line is proud of its

many firsts, and we can report that it has registered many historical firsts in aviation history. To report a few of these great firsts of aviation history which may make the philatelic world better acquainted with this line, we might mention:

Braniff was the first line to equip its entire fleet with automatic direction finders.

rection finders.
In April 1954 Braniff flew the first passenger flight to South America equipped with airborne radar. This was an experimental evaluation flight, and a joint project with the US Navy to test airborne radar equipment for commercial passen-

ger flights.

ger flights.

Braniff was the first airline to be certified by CAA to use JATO (jet assist take-off) on regular DC-4 passenger planes at La Paz, Bolivia, world's highest airport (approximately 14,000 feet) if needed.

This airline was the first to fly the new Convair 340, 44-passenger, 300-mile-per-hour aircraft, and also first to fly the Douglas DC-7C, 360 miles-per-hour job in U. S. domestic service. Braniff is also the line that did the first Rio to Miami line that did the first Rio to Miami non-stop flight by a commercial airliner (DC-7C "El Dorado") on

May 8, 1957.

These are some of the important

An attractive printed cachet in blue was provided by Braniff Air Service for its Chicago-Buenos Aires inauguration of nine years ago. The above first return flight cover from the author's collection has the Argentinian northbound rubber-stamped cachet in red, and the Houston received postmark (June 1, 1950) on the back.

## Color Variety Reported On Japanese "Whale"

A distinct color variety in the background of the "toy whale" 5c issued by Japan in 1956 (Scott No. 634) has been reported by the Marshall Stamp Co., Long Beach, Calif. Normally the background is ochre

with a decidedly orange hue, but according to a spokesman for the firm an occasional example turns up without the orange cast. The proportion is about one to one thousand, he estimated.

telic world. We must also report the line employs some 5000 employees and is proud of its safety record, having received some 22 annual safety awards from the National Safety Council. Also, the firm has received awards from the International Safety Council each year since the inception of Braniff Service to South America in 1948.

We cannot leave the Braniff story

We cannot leave the Braniff story without a bit of a personal note. We receive news from the major lines throughout the globe, for they are aware of our effort to get news for the philatelic world. In many in-stances we receive letters, wires, books, and magazines. Some of this material is for the working press, some is for the firm's customers, while other material is printed for the semigroup of the firm's customers. the employees of the firm.

Braniff issues a publication for its employee called "Braniff B Linits employes called "Braniff B Liner". We can report that this publication (a bit smaller than Linn's, and consisting of about twelve pages) is by far the best airlines regular monthly we have seen. "BBL" is full of news with high quality pictures. We can report further that the pictures of the flight bectesses we have seen in this publications. hostesses we have seen in this publication truly make us want to be right up in the sky along with our philatelic covers.

We close this salute to Braniff with a bit of sadness, that the founder, Thomas E. Braniff, is not living to see his baby which has now grown into a giant, enter the jet age.

Mr. Braniff, founder, was killed in a private plane crash near Shreve-port, La. January 10, 1954. All we can add in closing is that when the jet age passes into the space age we know a Braniff ship will be waiting to take its passengers into outer space with speed, safety and dispatch. And along with them will be a mail bag filled with philatelic covers, for this line has done much to aid the philatelic world.

Readers may receive the address

of Braniff for a stamped addressed envelope mailed to Julius Weiss, 3417 E. 147 St., Cleveland, Ohio with-in 10 days of this issue of Linn's.

## Issues "Study No. 2"

The United Nations Philatelic Society, Box 20, Grand Central P. O., New York 17, N. Y., announces the publication of its "Study No. 2". This is a 108-page report dealing with stamps issued by countries of the world in honor of the United Nations or of another of the international organizations in relation-ship with the UN.

The Study is a listing complete up to the end of 1958 of all such issues classified by country, by year of issue and by subject. Special sections are devoted to stamps connected with the forerunners of the United Nations, the League of National League tions, International Labor Organization, and other similar groups.

A unique feature of this Study is

its use of the corresponding num-bers from four of the world's leading catalogues — Scott, Gibbons, Yvert et Tellier, and Michel — to identify the stamps. It is therefore and international listing. The members of the United Na-

tions Philatelic Society are all on the staff of the Secretariat or in national delegations accredited to the world organization. They are making Study No. 2 available to the public in return for a donation to the United Nations Children's Fund

(UNICEF).

## PLATE BLOCK -THOUGHTS and COMMENTS

Morris X. Weiss 2806 W. Eastwood Ave., Chicago 25, Ill.

This is the fifth year that these Plate Block Thoughts and Comments columns have been appearing in Linn's Weekly Stamp News. Many phases have been discussed pertaining to plate blocks, plate numbers, and plate block collectors, but there is still one which has not yet entered the picture—one who is still very much a part of the plate block field. That's the plate block dealer.

The dealer is an important figure, for his function is not merely to make a profit from his business, but more so the concern of the collector who, in many cases, depends largely on the services of the dealer.

In many other fields the "do it yourself" form is nothing new to plate block collectors. Most of them derive much pleasure in obtaining their needs through their own footwork and correspondence.

Some are more resourceful than others; some are more fortunate than others. By and large a good measure of satisfaction is derived rom the initiative of many of them. All this is good when one can af-

ford the time and the trouble-and if one has the patience and above all the consistency to keep plugging away from one new issue until the next, throughout the weeks, months, and years.

But new stamps do not necessarily appear at such regular intervals as would give every collector the time necessary to obtain his needs before the next one comes out. Two or more stamps may be released at too frequent intervals. making it more difficult to accomplish the desired objective. Besides all these, you have the various extremes of the weather to face.

Finally, the monotony of trying to hold the erratic pace often makes collectors wish they could find an agent who would supply them with regularity and let them "get off the In this respect the plate block

dealer has his work cut out for him. Whether he operates as a pastime or a part time occupation, he has a constant certain responsibility to his collector-customers. While on the surface it does not appear there are many plate block dealers, it may surprise you to know that actually there are hundreds and hundreds of them.

Many of them do so only for the pleasure of making a sale, regardless of how little the premium may be. None of these, to my knowledge, pretends to operate on a scale larger than he actually does, to create a false impression that his supplies are unlimited or that he can supply any number or any plate block. Unlike most business operations

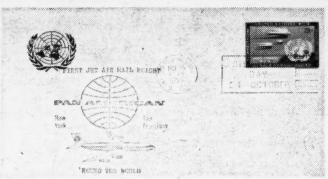

is not easy to obtain unlimited plate blocks and to operate as does a dealer in the average enterprise. In other commercial adventures retailer can generally call up a wholesale house and replace every article he sells, as many times as he wants, and get only those which he needs. With plate blocks it is altogether different. There would be no room for any dealer if all the plate blocks we collectors want could be purchased that way from the post office. But the plate block is actually a by-product — or a small part of the full pane — as we shall discuss next week.

## Russian Paintings In "Fine Arts Philatelist"

A history of Russian featured in the September-October issue of the "FINE ARTS PHILATE-LIST". "Russian painters on Russian stamps", by FAU member Andrew V. Fessenko, lists more than 35 Russian artists and the more than 65 paintings by them to be found on stamps of Russia.

The Masterwork of the Fine Arts Unit covers in this issue Korea, Laos, Latvia, Lebanon, Liechtenstein, and Lithuania, and begins Lux-

embourg.
Sample copies are 25c each. For information concerning the Fine Arts Philatelist and the Checklist of Artists, collectors may write Beatrice Berner, 200 E. 36th St., New York

ONLY 1100 COVERS WITH UN FRANKING were dispatched from the UN offices in New York on the October 10 short notice 'round the world flight to San Francisco, according to Richard K. Strite of Hollis 12, N. Y. who provided the above example. The UN seal is in red brown, the cachet in lavender. The actual flying time was less than 38 hours; total time, 56 hours, via Pan American jet.

Frank Warner, 109 Nassau St., New York 38, N. Y. who is famous for his extremely large stock of mint sets of the world which of course include topicals of all persuasions, offers two new prices lists. One covers IGY, Antarctica and Space, mint and on cover; the other covers Olympics 1896 to date. Interested collectors may write for the desired copies.

Trouble-of a rather pleasant sort is reported by Arthur Fendler, 112 W. 49th St., New York 19, N. Y. He's been swamped with orders-again. 'Any time I run an ad in Linn's,' he explained, "the roof falls in. Last time I had to hire extra help, and still got a little behind filling or ders." He is caught up now, and looks forward to another ad in Linn's soon.

His new price list JW16 covering issues of France, Italy, Laos, and Cambodia is now ready for distribution, reports Howard Guitman, 1166 St. Johns Pl., Brooklyn 13, N. Y. Copies are free upon receipt of a stamped addressed envelope. Mr. Guitman also handles the "Peelex-Mr. hinge" which allows 100% peel-ability. A sample packet of 1000 is only 25c postpaid.

UN specialist E. L. Patterson of the Patti Stamp Shop, Box 102, Navarre. Ohio requests a correction in his ad in the November 16 ASDA issue: "Please correct my buying offer for rare UN meters," "My offer is not for \$5 each for certain rare ones, but FIFTY dollars each for them—and I mean cash money, not 'deals'." Owners of rare UN meters take note.

Free for the asking is the fall 1959 complete price list of United Arab Republic (UAR) issued by V&E Stamp Co., Box 44 Ravinia Stn., Highland Park, Ill. It prices singles, sets, complete countries, and various special offers, including packets, flight covers, and some wholesale lots. The firm also operates a new issue service tailored to individual requirements.

The many customers of E. Todd Ogden, Aptdo. 221, Cuernavaca, Mor., Mexico are advised that his office will be closed from December 15 to March 20 for a trip to the Orient. During that period mail cannot be serviced, and correspondents are requested to keep this in mind in their dealings with Mr. Ogden. He will resume normal operations in the spring.

The second 1959 edition of the II S. price list issued by the Bailey Boston 8, Mass. is now ready for distribution. Interested collectors may write the firm for copies. The new edition is a 24-page, 51/2 x 81/2 printed booklet with many illustrations. It lists U. S. from 1847 to date in mint and used; with later issues also in blocks and FD cov-

Word has been received from Jacob Habib, 154 Nassau St., New York 38, N. Y. that the impressive new edition of the Michel "Europa 1960" catalog is now for sale in this country by him. It is priced at \$5.00 postpaid. It is well prepared, with some 22,000 illustrations and 137,000 listings on its 1731 pages. In German, it has a parallel five-language list of stamp terms.

"Sold OUT!" is the plea of Robert J. G. Barlow, 512 Maple Ave., Trenton 8, N. J., at least as far as his supply of UN 2c postal cards with first day cancellation is concerned. On the first Monday his classified appeared, he sold 300 cards, and the remainder did not last through Tuesday. Orders received after October 27 had to be returned -with apologies-he said.

Crane List No. 83, the most recent plate number position price list is sued by A. B. Crane, Box 385, Altoona, Pa. has just been distributed to subscribers. It is complete through the 8c Reuter. A brief perusal indicates some interesting developments in the first 8c Liberty printing and the scarce Kossuth numbers, also some Prexies. The list is \$2 per year of eight issues.

Stamps to sell-U. S., that is' Gustave H. Fabian, 13 Perry St., Hempstead 4, N. Y. who has all along been in the market for practically anything in the U.S. line has found himself in need of many categories in the field. To aid prospective sellers move their holdings, he offers his new U.S. buying list free in return for a stamped, addressed envelope.

Before the war Alfred D. Maie was the head of one of Germany's best known stamp firms. Later he associated with David Field, Ltd. in London, and the Sanabria firm in New York City. He has just established his own business from Post Office Box 389, Great Neck. N .Y. His U. S. price list with reference guide is 25c, refundable on first purchase.

## ATTENTION ALL CLASSIFIED USERS.

Your attention is called to our minimum charge per advertisement.

There is a minimum charge of \$1.00 or 17 words which ever comes first on all advertising regardless of whether it is on bulk rate wordage or one time run. All purchasers of bulk rate wordage should make their ads total 17 words to take full advantage of the situation as they will be charged on that basis.

When ordering a 3 or 10 times run, the cost is figured on basis of 16c or 50c per word on 17 words. If ads are submitted on a lesser basis, ad will be run to the extent of your payment only.
